VINCENNES UNIVERSITY

PAST HISTORY

Vincennes University is the oldest institution of higher learning in the State of Indiana. It had its inception in the Ordinance of 1787, adopted by the continental congress for the government of the old Northwest Territory.

The University was founded as Jefferson Academy in 1801 by William Henry Harrison, first Governor of the Indiana Territory. It was incorporated as Vincennes University in 1806 by the first Legislature of the Indiana Territory. The University has offered two years of standard college-grade instruction since 1873 and has been referred to as a "Junior College" since the publication of its annual catalogue in 1899. It is believed to be the first of more than 600 recognized junior colleges in the United States.

The only thing that the University needs to make it an outstanding college is a modern physical plant. The present building, one of the finest in the state when it was built seventy years ago, is no longer adequate in either facilities or capacity. Practically every township high school in the country is now better housed. Even with its limited accommodations, the University has overflowed into a temporary wood structure brought over from George Field and to the old brick residence located at the corner of Fifth and Broadway. It appears certain that if a suitable building were available the attendance would be promptly doubled or trebled, but until additional space is provided it is absolutely impossible for the institution to grow or expand.

Considerable progress has already been made toward solving this big problem. The University now has title to Harrison Park in the City of Vincennes, to which it proposes to move as soon as possible.

The plans for the new building call for a modern, fireproof structure, the central portion of which will be known as Harrison Hall in honor of the illustrious founder of the University. This building will face south, in the direction of the Territorial Capitol and the Harrison Mansion. With the construction of this new building, and only with its construction, will Vincennes University attain its full status as the community college that it can and should be.

University Song

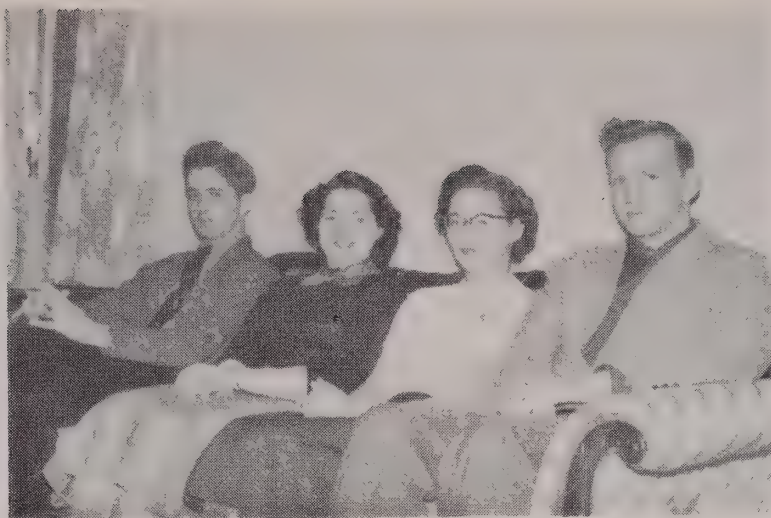

University, old Vincennes,
Loyal to thee,
All hearts and heads and hands;
Glorious thy past
Thy future sure,
We'll praise thy name
And sing thy fame—
Now and Evermore.

Thou art a mother
Spotless, wise and strong;
We ask no other theme
For our song;
What thou has taught us
We shall ne'er forget:
We hold divine each word of thine
Forevermore.

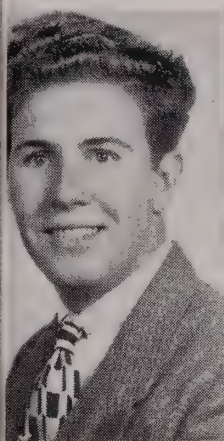

Chorus:

To thee, Vincennes
Every debt we owe—
Thy faithful friends
Everywhere we go—
We pledge our lives
To the fulfillment of the trust thou dost bestow
And we shall labor
To bring thee honor
Throughout all the World
Vincennes.

Greek Letter Social Organizations *At* *Vincennes University*

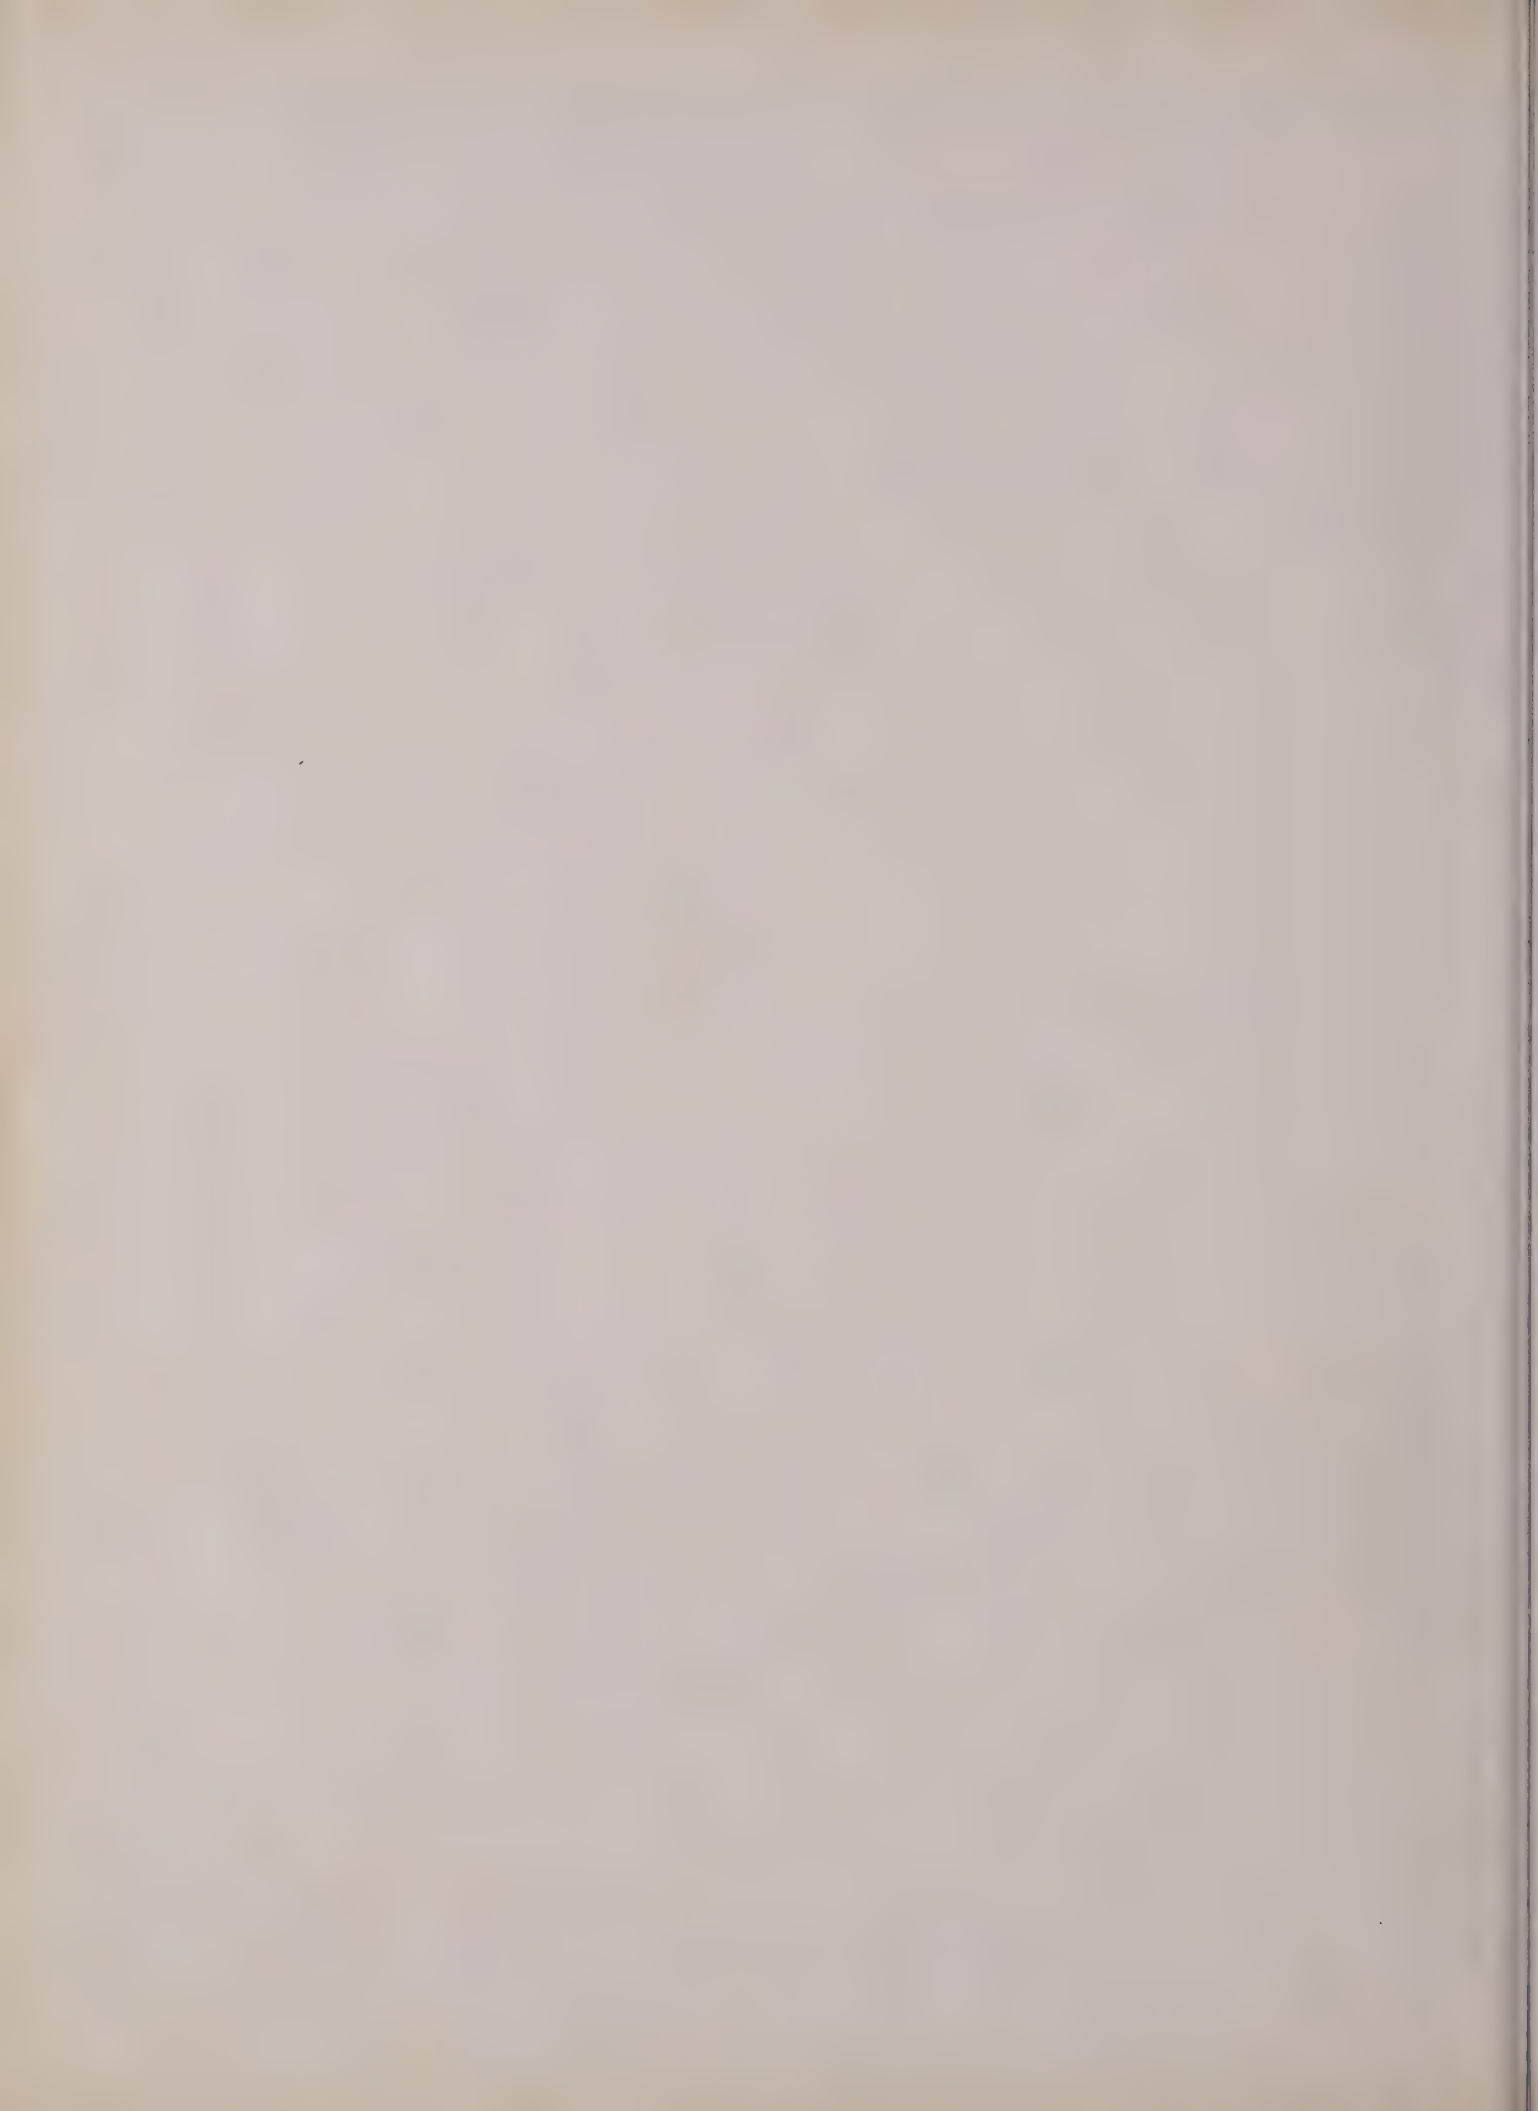

ALPHA THETA CHI

The Alpha Theta Chi is a new name on the V. U. campus, and, at present, identifies the all-girls club. This organization is to help the girls in college orientation and to plan more social functions and activities throughout the year. Coeds who have finished one semester of school on this campus are eligible to go through the formal initiation. Some of the highlights during the year were the "Rough Initiation" for the freshmen, an all-school skating party, pot luck supper and the Formal Initiation.

ALPHA IOTA UPSILON

Alhpa Iota Upsilon is the only fraternity on the V. U. campus. Any man in the university is eligible for membership. In order to become a member, he first goes through a rough initiation and then a solemn initiation after which he is a full-fledged fraternity brother. The fraternity has held several social functions for its members alone and a barn dance for the entire school.

Science Club

The Science Club is one of the newest clubs on the old V. U. campus. Its main purpose is to broaden the students' knowledge of the developments in modern science. Membership is open to all students on the campus who are interested in any phase of science.

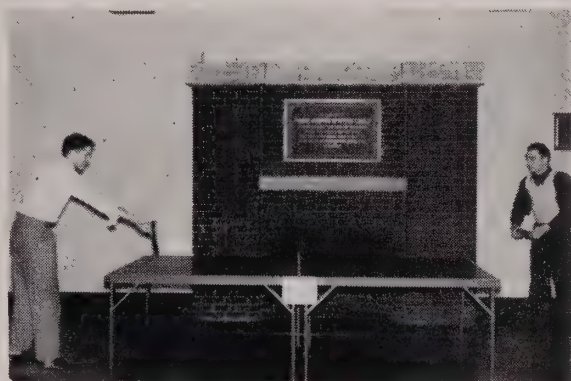

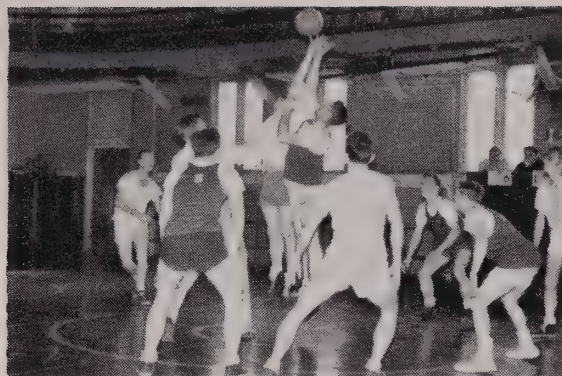

The faculty members, Miss Begeman, Mr. Haggard, and Mr. Leighly aided in beginning the club at a meeting held October 18, 1949. Charter members of the group are Jim Sizemore, John Klemeyer, Charles Doyle, Carl Kendall, Dick Lutkemeier, Earl Cruser, Russ de Castongrene, and Dan O'Connor. John Klemeyer was elected president of the club and Earl Cruser was chosen chairman of the meeting committee.

On October 26, 1949, at the first regular meeting, Jim Sizemore gave a talk on "The Upper Atmosphere." The second meeting was held November 29 at Johnson's Heights. Using Earl Cruser's telescope the club looked at the stars, the moon, and the rings of Saturn.

For the first 1950 meeting, David Heinz, on March 2, spoke on the subject, "Metals and Their Properties." Bob Booker discussed "Flying Saucers" at the March 14th meeting for which Mr. Leighly provided refreshments.

At other meetings to the end of the school year talks were heard on "Canada" by John Klemeyer; "Mr. Einstein and the Universe" by Bob Green; and "Trajectories" by Russ de Castongrene. The club also attended a lecture on astronomy at Brooklyn, Indiana.

The club's greatest wish is that it be continued next year with even more enthusiasm. It is up to this year's underclassmen to fulfill this wish. We know you will!

Sports

Revoo Basketball Game

History repeated itself this year in the second annual Revoo basketball game when the Non-Locals piled up an early lead and went on to win 42 to 39 over the Locals. High point men for the winners were Van Hoy, Burnett, Chambon, and Osman. For the Locals Tomson, Roby, Lutkemeier, and Summers were high scorers.

The game between the junior and senior girls was captured by the latter with the low scores of 6 to 0. Adding to the color of the game were the names of the two teams: "The Flappers" (Juniors) and "The Gorilla Gals" (Seniors). Mascot for the Gorilla Gals was Joan Grubb spectacularly clad in a simian costume.

Men's Sports

The intramural basketball league play featured a tight race throughout the season. In the round robin series the Alphas nosed out the Sigmas in an overtime contest to win the league title. In the double elimination tourney that followed, the Kappas came out on top with the up and down Betas second. After the tourney, the Kappas went on to take two out of three games from the Alphas to win the year's championship.

Members of the victorious Kappas were George Tomson and Robert Kirk, co-captains; John Ryan, Bob Wall, Bill Eskew, Bob Hill, Bob Flory, and Bob Chambon. The Alphas were Joe Summers and Don Osman, co-captains; Don Slatton, Jack Anderson, Don Shepherd, Omer Van Hoy, Eddie O'Neill, and Ralph Nieland.

Tournaments were also held in table tennis, handball, and tennis, but were unfinished by the time *The Revoo* went to press. A track meet was scheduled for May.

Girl's Sport's

During the first semester the girls enjoyed several Thursday afternoon sessions of skating. There was fun for all. Even Vera Greek enjoyed it despite the spills she took. Badminton was played during the other gym periods of the week.

Bowling was the major attraction at the beginning of the second semester. Two girls bowled everyone over with games in which they scored more than 200; Shirley Joice with 229 and Joan Shake with 242.

In May, that perennial feature of the spring season, the tennis tournament was played at Gregg Park. All the girls of the University participated in this event.

Student Of The Month

From month to month the TRAIL BLAZER featured in an individual write-up a cross-section of the typical students of the campus. At the same time, these students were chosen for write-up because it was felt at the time by the staff that they were making the greatest contribution to the life of this campus. Feature Editor, George Tolson, was responsible for securing the persons of those chosen, to get their life stories and to formulate the write-ups.

The staff has never regretted its choices for Student of the Month, except that there was not room enough to feature more. At press time, Martha Root, able president of the Girls' Club; Heinie Sandefer, all-around man-of-the-campus who took on the thankless job of President of the Student Council, in spite of his already heavy duties as janitor of the school under Mr. Black; Virginia Murray, candidate for Cherry Blossom Queen; Bill Ruehl, President of A. I. U., and an expert beautician in his own right; and Joan Whitfield, Carroll's right arm when the REVOO was made up. When things looked blackest, and all the news seemed soaked with dullness, Tolson's chattering comments about VOO's leading students lifted the gloom and set a bright, shining pattern that could be looked forward to as "Gee, I made student of the month this time!"

William Henry Harrison Discussion Contest

The William Henry Harrison Discussion Contest was established by Mrs. Nicholas McCarty Harrison as a memorial to her husband, Nicholas McCarty Harrison, a great grandson of William Henry Harrison. Each year a subject of current interest and of considerable importance is to be used. The prizes are obtained from the interest on the \$2,000 donated by Mrs. Nicholas McCarty Harrison.

This contest is open to all students in Vincennes University. They may attack the subject from any angle which they choose and present the first versions of their speeches before a faculty committee in April. From the preliminary speakers five deliver their final speeches in a convocation open to the public in May. Three of these five are chosen as winners by a group of citizens not affiliated with the University. The prizes are \$30 for first, \$20 for second, and \$10 for third.

This year, the fourth year of the William Henry Harrison Discussion Contest, the theme for the speeches was "Is, Or Is Not, The United States Heading Toward Socialism?"

V. U. Chorus

The mixed chorus was the only active musical group at the University this year. Begun in the first semester under Mr. Herbert Turner, the chorus did not really get going until the second semester when Mrs. Charles Stone became the director. Under Mrs. Stone's able direction the group flourished, and it gave several performances.

The V. U. songsters recorded carols which were played over local radio station WAOV on Christmas afternoon.

They also entertained the student body at a convocation on April 5th, sang for the local Exchange Club, and furnished music for commencement.

All agreed that the V. U. Chorus did an outstanding job and that their skill was the result of many hours of diligent practice.

Singing soprano were: Nadine Adams, Frances Ann Myers, Charlene Eckardt, Patricia Stone, Ruth Ann Tolson, Virginia Murray, Hazel Pielemeier, Judy Mundon, Betty Miller, and Martha Boyer.

Altos were: Marilyn Waters, Ann Briner, Ruth Ritter, Patricia Gillespie, and Joan Whitfield.

Tenor parts were sung by: George Murphy, Dennis Grove, and Howard Belcher.

Basses were: Earl Cruser, John Clark, David Livingstone, Mahmut E. Ozan, Sam Martin, Bob DeMoss, John Klemeyer.

Under Mrs. Stone's able direction the group flourished, and it gave several performances.

The V. U. songsters recorded carols which were played over local radio station WAOV on Christmas afternoon.

They also entertained the student body at a convocation on April 5th, sang for the local Exchange Club, and furnished music for commencement.

All agreed that the V. U. Chorus did an outstanding job and that their skill was the result of many hours of diligent practice.

Singing soprano were: Nadine Adams, Frances Ann Myers, Charlene Eckardt, Patricia Stone, Ruth Ann Tolson, Virginia Murray, Hazel Pielemeier, Judy Mundon, Betty Miller, and Martha Boyer.

Altos were: Marilyn Waters, Ann Briner, Ruth Ritter, Patricia Gillespie, and Joan Whitfield.

Tenor parts were sung by: George Murphy, Dennis Grove, and Howard Belcher.

Basses were: Earl Cruser, John Clark, David Livingstone, Mahmut E. Ozan, Sam Martin, Bob DeMoss, John Klemeyer.
